

01
Highly concentrated hydrogen water

 Double effect by bubble and dissolution

High concentration of visible hydrogen bubble.
You can enjoy highly concentrated hydrogen water at home.

High performance hydrogen water unit “+h” Plus H generates 28,000ppm per liter (28g/l) of hydrogen gas. You can easily enjoy highly concentrated hydrogen water with visible hydrogen bubble.

02
Water purification function

 High performance filter integrated

Table top type with water purification function.
Drinking water can turn into safe, fresh and tasty hydrogen water.

High performance filter is integrated into “+h” Plus H . Water is purified in the process of generating hydrogen water from the tank. You can safely enjoy tasty hydrogen water produced by “+h” Plus H .

03
Compact design

 Table top type & easy operation

Compactly designed table top type.
You can enjoy highly concentrated hydrogen water anytime, anywhere.

“+h” Plus H is compactly designed : H34cm×W18cm×D38cm It weighs 5.1kg and the size is as compact as a coffee machine.

04
Instant dispensing

 Instant hydrogen gas generating system

Highly concentrated hydrogen water is immediately produced just by pressing the button.

Adapting instant dispensing system, “+h” Plus H produces hydrogen water in a moment. Just by pressing the button, highly concentrated hydrogen water is immediately produced.

How to use

Pour drinkable water into water tank. Installed water purification filter makes hydrogen water safer and more tasty.

Install the water tank to “+h” Plus H body.

Place a cup and press the water discharge button, highly concentrated hydrogen water with visible hydrogen bubble is discharged.

High concentration hydrogen water produced by “+h”PlusH enriches your healthy and beautiful life.

Easy replacement of cartridge filter

* Remarks:

Water filter shall be replaced after 1 year of usage.

STEP1: Turn off the power and remove the water tank.

STEP2: Open the filter cover at the back of the body.

STEP3: Turn the filter to the left and remove it, while pulling toward you.

Then install the new filter.

External dimension	W180 × D380 × H340	Rated power	100W
Weight	About 5.1kg (No water inside)	Hydrogen gas generation capacity	28,000ppm (28g/l)
Rated voltage	AC100~240V	Cartridge filter life	1 year
Rated frequency	50Hz - 60Hz	Tank size	4L
